## PRODUCT DESCRIPTION

Bio Green® Complete Landscape Nutrition™ 3-0-1 is engineered to be a complete fertilizer for all varieties of landscape plants; ornamentals, tropicals, shrubs, and trees.

While soil applications are effective, the product is ideally suited for foliar applications. Bio Green® 3-0-1 will absorb through both the foliage and cambium and thus be distributed to the roots through the circulatory systems of plants, ornamentals, shrubs, and trees. Application rates are very low. There is no risk of burning therefore usable most of the growing season.

Always read and follow label directions.

Products are manufactured and guaranteed by Greene County Fertilizer Company, Inc.

Bio Green® brand. All Rights Reserved 2005-2023

## APPLICATION RECOMMENDATIONS

### Pro Directions • Handling & Storage

**SHAKE WELL!** The mixed product should be agitated prior to and during application.

**Trees/Shrubs:** Apply at a rate of 8 ounces per 1,000 sq. ft. Mix with water at a minimum 20:1 dilution. Apply directly to foliage.

**Tropicals/Ornamentals:** Apply at a rate of 8 ounces per 1,000 sq. ft. Avoid direct contact with flower blooms to avoid staining.

**Store** in a cool dry place away from sunlight. Product will store for 2 years in normal warehouse conditions.

**Apply** in accordance with best management practices (BMP's) established by your Cooperative Extension Service. Observe any State or Local fertilizer application regulations.

**Caution:** This product contains the secondary micronutrient iron. Iron may stain concrete, wood and other pervious and impervious surfaces. **Apply** only to turf, plants, and soil. If plants are flowering, apply to base of the plant to avoid staining of blooms.

Keep out of reach of children. If product comes in contact with skin or eyes flush with water immediately.

We believe that all plants need a healthy diet. That's why we developed concentrated and ready-to-use lawn and garden products. Using Bio Green® products on your lawn and landscape increases color; produces longer lasting blooms; adds significant growth to all types of trees, shrubs, and flowers; and produces high yielding vegetable gardens. Our patent pending formulas are a mix of liquid fertilizer, plant nutrients and soil amendments; blended for lawns, trees, shrubs and gardens. Bio Green® products are eco-friendly, river friendly and are child and pet safe fertilizers.

We believe that if we take care of the plants and soil, they will take care of us. By using our high-quality products, you are contributing to the health and well-being of all of those around you as well as your neighbors downstream. Our products are engineered to produce outstanding results from the ground up, without the harmful side effects of pollutants.
